

We at TVC have spent millions of dollars to provide you with the best, fastest, and most reliable Internet service. We will be introducing a very small \$1.97 monthly increase on your bill, called the 'Internet Network Recovery Charge'. This small charge will help defray the huge costs we have in continuing investment in your internet network, to remain the fastest, most reliable, and least expensive internet in our area. Please note that this charge is neither government-mandated nor a tax, fee, or surcharge imposed by the government.
